

Kawerau Cosmopolitan Club

NEWSLETTER

December 2019 Edition

Season's Greetings to all of our Members, your families and friends.

As usual this is an extremely busy time of year and we have had quite a bit of movement since our last newsletter went out.

RECAP OF THE LAST TWO MONTHS

SPECIAL MEETING: Thank you to the 140 of you that attended our special meeting. This meeting highlighted a number of issues, that like many other clubs in New Zealand are facing, a lack of consistent patronage. There were a number of helpful suggestions that were floated on the day and as to date movement has been made on some of them.

HELPERS: As a result of the meeting we had a number of people put their names forward to join the committee or to simply help out where possible. After discussion, and looking at the best and most fairest way, to co-opt new committee members on a decision was made and we now have 4 new committee members prepared to undertake the challenge of turning our club around, and additional people prepared to be part of working groups that fall under our committee members.

INITIATIVES

3-year membership initiative has been taken up by just over 50 members and as our limit was 100 there is still time if you want to take advantage of this great opportunity. 3 years - \$90

WEDNESDAY FAMILY NIGHT: This concept is being developed by Jess and her team. At this stage we are looking at pulling the ping pong tables out of storage and setting up some other games family games. Our restaurant will also work alongside the Wednesday night family concept and we will introduce family meal specials.

SOCIAL POOL & DARTS

THURSDAY SOCIAL POOL AND DARTS: We have an avid Pool and Dart coordinator in our mix who is keen to get a SOCIAL aspect of POOL underway – who knows there might be some hidden stars among you. Names in by 6.30pm on Thursdays, games start at 7.00 – See Annabel

RESTAURANT: The menu is being re-hashed again by Sandy and Carol and our new cook which starts this week. We also have some new décor for our functions so if you are needing a venue don't look any further.

Last week's function

These initiatives are just the beginning and to be sustainable we need you to come down and support. We welcome your positive feedback but just keep in mind that if you are going to be critical then please provide a solution to what you may want and personal criticism of any staff or committee member is not conducive to our journey.

GAMING

Yes we are on the final straight and they will be all up and running any day now, well when the electrician comes in to wire them all up....

Our license is for 15 machines; however we will be starting off with 9 and once they are being used frequently then the remaining 6 will be brought in. As a result of the new gaming machines our opening hours may change to an earlier time, but we will keep you informed of this.

CHRISTMAS PARTY

A big thankyou to all those who came to our Christmas Party, it was great that so many of you got into the theme of things. A big thank you to Crisona Koia for capturing the moments, the photos are stunning. Please support this lovely lady's business if you are needing any family portraits done. For those who were unable to view the photos off our Facebook page have a chat to one of our Committee members who will show you the photos on our computer. From there we can either email your ones to you or save them onto a memory stick.
